Reception **Stone.**

Per gli spazi reception Seipo ha studiato soluzioni capaci di rispondere sempre esattamente alla vostra esigenza. Come la famiglia Stone, pronta a creare qualsiasi configurazione con elementi componibili, arredando con efficienza ambienti molto estesi oppure spazi più intimi, dove dettagli e finiture a scelta sanno interpretare il vostro stile, creando personalità con materiali e colori diversi.

For reception areas, Seipo has studied solutions that can always respond exactly to your needs. Like the Stone series, ready to create any configuration with modular elements, efficiently furnishing very large environments or more intimate spaces, where details and finishes of your choice can interpret your style, creating personality with different materials and colours.

RECEPTION STONE

Una questione di particolari

A matter of details

Il caratteristico profilo arrotondato di Stone racconta di un'attenzione ai particolari, come l'alloggio per le luci led lungo il piano d'appoggio e la mensola bassa per l'accessibilità alle persone con disabilità. La famiglia è arricchita da cassettiere, mobili con ante e vani a giorno, che offrono la praticità necessaria a qualsiasi contesto.

The characteristic rounded profile of Stone speaks of an attention to detail, such as the accommodation for LED lights along the support surface and the low shelf for accessibility for people with disabilities. The family is enriched by chests of drawers, furniture with doors and open compartments, which offer the necessary practicality for any context.

Reception **Box.**

La nuova famiglia Box esprime grande adattabilità di soluzioni con il suo spirito versatile, a cominciare dalla possibilità di scegliere tra fianco alto o basso e dalla modularità della mensola che ne caratterizza lo stile, disponibile in diverse misure e posizionabile dove si preferisce. I tanti effetti di finitura e i colori da scegliere in una ricca palette permettono di personalizzare le scelte, esprimendo sempre un gusto personale.

The new Box family expresses great adaptability of solutions with its versatile spirit, starting from the possibility of choosing between a high or low side and the modularity of the shelf that characterizes its style, available in different sizes and can be positioned wherever you prefer. The many finishing effects and colours to choose from in a rich palette allow you to customize your choices, always expressing a personal taste.

RECEPTION BOX

Benvenuti ovunque

Welcome everywhere

Arredare la vostra reception è facile perché Box si adatta agli spazi più diversi, dalla grande hall ad un piccolo negozio, offrendo la praticità di un appoggio ben organizzato, in tante misure e composizioni diverse. L'alloggio per i led valorizza il gioco dei materiali e dei colori scelti per la finitura.

Furnishing your reception is easy because Box adapts to the most diverse spaces, from a large hall to a small shop, offering the convenience of a well-organized support, in many different sizes and compositions. The housing for the leds enhances the play of materials and colours chosen for the finish.

Reception Partition.

Reception Partition è una famiglia dallo spirito molto adattabile, che permette di scegliere modelli con mensola oppure solo con paretina, sia frontale che laterale, in misure diverse. Le molte varianti di finitura effetto legno e i ricercati toni di colore, anche su richiesta, diventano un'occasione per dare valore all'arredamento del vostro ingresso.

Reception Partition is a series with a very adaptable spirit, which allows you to choose models with a shelf or only with a partition, both frontal and lateral, in different sizes. The many variations of wood-effect finishes and requested colour tones, also upon request, become an opportunity to give value to the furniture of your entrance.

Praticità e piacevolezza

Practicality and pleasantness

La comodità della vostra reception dipende da un'ottima organizzazione degli spazi ma anche da particolari dettagli di comfort, come la possibilità di realizzare le pareti in materiale fonoassorbente, assicurando così un ambiente piacevole e più riservato sia per gli operatori che per l'ospite.

The comfort of your reception depends on an excellent organization of the spaces but also on particular comfort details, such as the possibility of making the walls in sound-absorbing material, thus ensuring a pleasant and more private environment for both operators and guests.

DESCRIZIONI TECNICHE

Reception Stone

Sistema componibile modulare:

Piani realizzati in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 25 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore del piano, spessore mm 2 con spigoli arrotondati secondo le norme antinfortunistiche.

Fianchi realizzati in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza.

Bordi perimetrali in ABS dello stesso colore del piano, spessore mm 2 con spigoli arrotondati secondo le norme antinfortunistiche. I fianchi sono collegati ai piani tramite giunzioni metalliche e sono dotati di piedini livellatori in ABS.

Pannello frontale, mensola superiore e contro-pannello frontale in conglomerato ligneo spessore 18 mm nobilitato con resine melaminiche. Bordi perimetrali in ABS dello stesso colore, spessore mm 2 con spigoli arrotondati secondo le norme antinfortunistiche. Il contro-pannello frontale si trova in posizione distaccata rispetto al frontale anteriore per dare un effetto profondità.

Elementi contenitore cassettiere costituita da base, cappello, fianchi e retro realizzata in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 0.4. Frontali in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 1. Interno cassetto realizzato in conglomerato ligneo ricoperto in PVC grigio e fondo in MDF sp. 3mm. Sistema di scorrimento su guide metalliche, trattate anticorrosione, a rullo con cuscinetti in nylon, e arresto di fine corsa. I cassetti possono essere dotati di chiusura ammortizzata (opzionale). L'elemento cassetiera è dotato di 4 piedini regolabili ed è fornita di serratura con chiave pieghevole in duplice copia. Ante in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 1, cerniere in metallo fissate ai fianchi con basetta a triplice regolazione. Maniglie in plastica colore grigio di serie. (Disponibili ulteriori maniglie opzionali).

TECHNICAL DESCRIPTIONS

Reception Stone

Reception Stone modular system:

Tops made of Class E1 formaldehde gas release conglomerated chipboard wood with 25mm thickness and covered with high resistance melamine paper. ABS 2mm thick perimeter edging in the same colour as the top, the corners are rounded and comply to accident prevention standards.

Sides made of Class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper. ABS 2mm thick perimeter edging in the same colour as the top, the corners are rounded and comply to accident prevention standards. The sides are connected to the top by means of metal junctions and are equipped with ABS levelling feet.

Front panel, upper shelf and counter frontal panel made of Class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper. ABS 2mm thick perimeter edging in the same colour as the top, the corners are rounded and comply to accident prevention standards. The front counter-panel is set apart from the front panel to give an effect of depth.

Container elements for drawer unit composed of a base, top, sides and back made of Class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper. ABS 0,4mm thick perimeter edging in the same colour. The fronts are made of E1 formaldehde gas release 18mm thick conglomerated chipboard wood covered with high resistance melamine paper. 1mm ABS edging on all sides in the same colour. The inside of the melamine drawers are coated with an aluminium grey PVC finish with MDF 3mm thickness bottom. Guided system anti corrosion treated metal runners with roller nylon bearings, and end-of-stroke stop. The drawers can be equipped with a cushioned closure (optional).

The drawer unit is equipped with four adjustable feet and simultaneous drawer locking by means of a foldable key in duplicate copies. The doors are made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper. ABS 1mm thick perimeter edging in the same colour, metal hinges fixed to the sides with triple adjustment base.

The handles are in grey plastic by series. (Additional optional handles available).
